Answer the following short answer questions using complete sentences.

11. Why was cotton not used by Northern Tribes but it was used by the Southern Tribes? (1 point)

the Southern Tribes used cotton because it was hot where they lived and the cotton kept them cool. the Northern Tribes didn't use cotton because it was cold where they lived. They got their clothing from animal hides and plants.

12. Where did the Northern Tribes get their clothing from? (1 point)

13. What did Native Americans use the bones of animals for? (1 point)

They used bones for their tools and weapons.

14. What did the Plains Indians use to build their houses? (1 point)

They used buffalo hides and long wooden poles.

15. Why did the Inuit have to continue moving across the Arctic? (1 point)

They did it to follow the animals they hunted.

16. Which tribe is your favorite? Please share three interesting facts about the tribe. (3 points)

My favorite tribe is the Kwakiutl because they had lots of food, carved beautiful masks, and made their clothing out of woven bark.
